GOROKA GRAMMAR SCHOOL

Aude Aliquid Dignum

30 March 2020

ATTENTION: ALL PARENTS, GUARDIANS, STUDENTS & STAFF OF GOROKA GRAMMAR SCHOOL

Update 3

As of today, Monday 30 March, Goroka Grammar School resident teachers are once again utilising our school computer labs to prepare learning materials. In the event that the State of Emergency is prolonged these materials will be used online for the benefit of students whose term 2 fees have been paid.

Like everyone who is operating under lockdown regulations teachers are finding it difficult to confine themselves to their accommodation, so being given access to our computer labs will allow them to move outside of their houses.

The Department of Education have announced that they will make a decision on the end or continuation of the closure of schools on Friday 6 April and at the time of writing we do not know what that decision will be. Accordingly Goroka Grammar School is in the process of preparing for both eventualities.

If the school closures continue we hope to have materials prepared and online for students to work from home. Materials will be prepared by the resident teachers and posted on our website. However the materials will be password protected and will be accessible to students whose term 2 fees have been paid.

More details of our proposed online learning materials will be posted on our website on Friday of this week after the announcement from the Department of Education.

Stay safe

Paddy Kelly
